Erratum to Chinese J. Polym. Sci. DOI: [10.1007/s10118-022-2877-z](https://doi.org/10.1007/s10118-022-2877-z)

Citation: Zhang, Q.; He, X. H. Erratum to “Phase separation of polymer blends induced by an external static electric field”. *Chinese J. Polym. Sci.* 2023, 41, 994.

In this erratum, some typos in the text are corrected. On page 3, the average density ρ in Eq. (5) should be $\bar{\rho}$. On page 6, the vertical axis label of Fig. 8(a) should be $U_{\Delta}, (-W) \& (-W_U)$. On page 6, below Fig. 8, line 2, the expression should be $U_{\Delta} = U_E - U_0$. The Eq. (9) should be $\Delta U_{AB,E}(\phi_A) = \Delta U_{AB,0}(\phi_A) - \Delta W_U(\phi_A)$. At the same time, in the first and second lines below Eq. (9), $W_U(\phi_A)$ and $U_{AB,0}(\phi_A)$ in the description of equation are rewritten as $\Delta W_U(\phi_A)$ and $\Delta U_{AB,0}(\phi_A)$. On page 6, below Fig. 8, line 5, the symbol S is missing the subscript “ Δ ”, which should be S_{Δ} . On page 6, below Eq. (8), line 5, the brackets are incomplete and the correct expression should be $\Delta W(\phi_A) = W(\phi_A) - \phi_A W(1) - \phi_B W(0)$. On page 6, below Eq. (10), line 3, the symbol T is missing the superscript “*”, which should be changed to T^* .
